Sir:

Responsive to an Office Action Summary dated October 6, 2005, please consider  
the following remarks related to the subject application.

**Status of the Application**

The examiner has now required the applicant to elect one of the following  
inventions described in the claims of the subject patent application:

1. Claims 1-13 drawn to a method of unclogging clogged bulk material in silo bin.
2. Claims 14-20 drawn to a silo bin drilling system

The applicant, through his attorney, now elects Claims 1-13. This election is  
without traverse.

Should the examiner have any questions regarding this election, it is urged that  
she contact the undersigned.

Respectfully submitted,

*Edwin H. Crabtree*
